To the Staff and Residents of the Town of Minden:

Thank you so much for accommodating the staff of the Douglas County Social Services Division on August 31, 2011 when we held our annual strategic planning session in the Fortnightly Room in the CVIC Hall from 11:00am to 5:00pm. The room provided a great central location and very functional space for our purposes and allowed us to have a focused and productive meeting away from our office.

We certainly appreciate the Town of Minden's willingness to let our staff use the facility and also to graciously allow us to do so at no charge.

With sincere appreciation,
