# Town of Minden Summer 2018

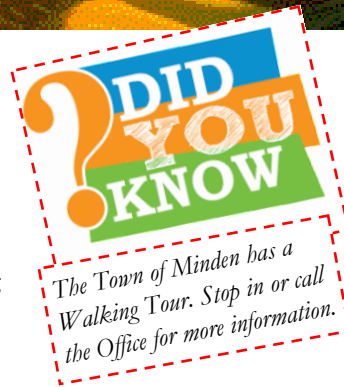

## Chairman's Corner

I would like to start off by saying thank you to Model Dairy for Co-Sponsoring the Carson Valley Days breakfast with us. I would also like to thank Mike Pegram with Carson Valley Inn for the complimentary hamburgers and hotdogs that are provided for the 4th of July Celebration. It surely would not be the same without these two amazing local businesses.

Hot times are here and water conservation is back at the

forefront of our minds. Please help us be good stewards of the water we have. Some great ways to help conserve water is to try to avoid watering during the hottest times of the day, water in the early morning or late in the day to reduce evaporation. Also keep an eye out for water that is flowing over your sidewalks.

The Town Office has been in transition. For those of you who don't know, Jenifer Davidson has moved on to

become the Assistant Douglas County Manager and I would like to wish her all the luck in the world to do great things. JD Frisby has taken her place as the new Town Manager and Ted Thran has accepted a full time position elsewhere but will still occasionally be here as a consultant to help out.

Have a great summer and I will see you around town.

~Matt Bernard

## Reminders From Our Water Crew

The Town would like to remind Residents that the water metering program is in motion.

If your property doesn't have a water meter, you will need to have one installed by 2025. The Town is offering a

payment plan solution. If you are interested, we can help set up a contract agreement plan for quarterly payments.

We kindly ask Residents to please stay out of the meter pits, as this may cause damage to the equipment. If you need the water turned off to your property please have your plumber, landscaper, or yourself call the Office to schedule a water turn off.

If it is a water related emergency you can call the Office during business hours or Dispatch at (775) 782-5126.
